

**GROUPS
INFORMATION
May 2010**

RoSPA's Advanced Drivers' and riders has a network of local groups, many of which have motorcycle sections, that have trained and experienced tutors willing to offer you free advice, assessments and support to help you prepare for the test.

The people listed are senior group members who can put you in touch with a tutor who lives in your area or give you details of group training sessions. You will be able to make arrangements for tuition to help you become an even better driver or rider and to show how good you really are.

Contact the person on this list for the area nearest to where you live to find out more.

You can also contact headquarters or view the website, details of which are at the end of this leaflet.
