**Notes:** "g/km CO2" relates to the vehicle's CO2 emissions (g/km) and are manufacturer claimed figures. "MPG" refer to miles per gallon on a combined cycle and are manufacturer claimed figures. "RFL FEE" refers to annual road licence and charges (also known as Vehicle Excise Duty). "Congestion Charge" refers to the proposed changes to the London Congestion Charge banding due to take effect 27<sup>th</sup> October 2008. Refer to [www.tfl.gov.uk](http://www.tfl.gov.uk) for full details. "Prices from" refer to Manufacturer's Retail Prices (MRP). Manual transmission figures quoted (unless automatic transmission specified as standard). For vehicles up to 120g/km CO2 and Euro 4 you will need to register with TFL for the new discount and pay an annual £10 registration charge. \*For vehicles with emissions between 121- 225g/km CO2, the AFD (Alternative Fuel Discount) remains open to new registrations until 27 October 2008 and those registered with TFL by then will continue to receive a 100% discount until 11 January 2010, (whilst car remains in the same ownership), at which time they will pay the standard £8 daily charge. Figures are correct at 14<sup>th</sup> March 08 (and are subject to change without notice). For Road Fund Licence information please visit [http://www.direct.gov.uk/en/Motoring/OwningAVehicle/HowToTaxYourVehicle/DG\\_10012524](http://www.direct.gov.uk/en/Motoring/OwningAVehicle/HowToTaxYourVehicle/DG_10012524). Land Rover Off-Set Scheme - the CO2 emissions of all new Land Rover vehicles sold in the UK are offset for the first 45,000 miles of use. Managed by Climate Care, the Scheme invests in a specific range of Land Rover-funded alternative energy projects around the world including: Hydropower Tajikistan and Wind energy in China.
